Art Unit: 3662

1. Claims 1-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Independent claim 1 as newly-amended is indefinite and unclear due to the phrase "to determine whether the receiver system is capable of handling the size of the scan strategy." This phrase appears merely to state an intended use for the results of step c). If the newly-added language to part c) of claim 1 were amended as follows, then claim would be allowable. Please note only the last portion of claim 1 is shown in this suggested language:

c) determining a capacity of a receiver system used to implement the scan strategy; and

d) determining whether the receiver system is capable of handling the size of the size of the scan strategy using the results of step c).

The same problem occurs in part c) of claim 11 and part c) of claim 19. Claim 11 should be rewritten along the lines of claim 1. Claim 19 should be rewritten along the lines of claim 1, but with part d being a "means for determining whether the receiver system is capable of handling the size of the size of the scan strategy."

Dependent claims 2-10, 12-18, and 20 are unclear in that they depend from unclear independent claims 1, 11, and 19.

2. Claims 1, 11, and 19 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 3662

3. Claims 2-10, 12-18, and 20 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
